Features and Advantages

1. Wide range of power-supply operation.
2. Intelligent control system.
3. Drive equipment with low noise.
4. Advanced brushless motor and worm wheel reducer are integrated.
5. Special self-locking function without any addition components.
6. With different triggered operating modes.
7. Double door interlock function.
8. Optional backup power supply to ensure the normal operation.
9. When door is closed, it shall be locked and kept closed.
10. Apply to door for garage, usage of anti-radiation for hospitals, warehoused, science and technology factories, barrier-free space, commercial building, shopping mall, etc.
11. To connect with safety and security system.
12. Easy installation & easy maintenance.
13. Track size : 4200mm / 6400mm.
